

The contest will be 4 rounds with two 5 min rounds and two 7min rounds with bad round throw away

We will have 2 classes for the contest

2 meter class plane

Open class any size

5\$ entry for each class

With landing of 5 , 25, or 50 point depending where the nose of the plane is

Motor run time will be 15 sec with no restarts of motor. If restart of motor =0 flight

Flight time starts as so as the plane leaves your hand

Flight stops as soon as your plane touches the ground.

After every flight enter your time in min and seconds and landing points are from the noise of plane. Enter score on your card after every flight.

You must have someone to time your flight.
